8/27/2024	I was able to afford a new helmet. I wasn't aware of the program until my son told me about it. Nice that he is concerned for his old man's safety.	Cycle Gear-NO. Not at all. Ride Now Chandler-YES.	What a great program. Thank you for all of your help.
8/20/2024	Received a substantial discount on a premium helmet.	Yes, very accommodating and helpful in getting me the right helmet.	I think it's great. Encourages riders to replace their helmets that may be old and compromised, and with the discounts, most likely gets them into a higher quality helmet than they may have purchased otherwise.
8/20/2024	I could afford the helmet that I wanted.	Yes. They were awesome.	Great
8/20/2024	I got a really nice helmet that I otherwise would not have been able to afford	Yes	It's a great program, but it does have its limitations by not allowing helmets that are on sale as they often are on sale, but the sale price is still above the cost of the helmets with the program
7/18/2024	Allowed me to purchase a safer helmet due to the decreased cost/increased budget	Yes	This program is phenomenal and I recommend it to everyone starting to ride. AMSAF is a great safety foundation
7/11/2024	purchased a road specific helmet	yes	great experience, easy to use program, merchant very willing to participate. good for arizona
7/9/2024	I was able to purchase a Shoei snell approved helmet at a discounted rate! I was able to buy a much safer helmet that I may have originally purchased due to cost.	Yes. Cycle Gear was awesome and had a great selection.	Program is great and it was easy to use the program discount. Thanks for offering it
7/9/2024	I was able to purchase really good helmet that was affordable through my donation to the program.	Yes, I am happy with my purchase.	I hope that AMSAF continues this program for years to come, and I do recommend it to other motorcyclists.

7/8/2024	i got a real safe helmet for an affordable price	yes	I think it is fantastic that you help riders safety, as we all know that it is the main drawback of being on two wheels
7/8/2024	I got a great helmet for a much more affordable cost.	Yes love the team members at cycle gear mesa	Its a great program I recommend it to lots of new riders that are looking for helmets or rider training
7/8/2024	Have a new helmet that meets current safety standards.	Yes, knew about the program and helped me choose a new helmet.	Nice to be able to replace a helmet that is 20 years old with a new one that meets current safety standards.
7/7/2024	Kept the helmet purchase in the State.	They were great. Already aware of the program and how it worked.	I think it puts Helmets on riders that normally would not use one. And those who do use them are able to purchase a higher quality helmet which ads to safety due to increased comfort and options. Thank you.
7/7/2024	I was able to afford a quality helmet and shop more thoroughly for fit and function than without assistance.	Yes, they were happy to participate.	I think the assistance program is good for retailers and bikers alike. It brings more customers and also brings safety to riders that may not have been willing to purchase a helmet without help.
7/6/2024	Got a discount on a helmet	Yes	It's a great great program!
7/6/2024	I was able to purchase a helmet to replace my expired helmet.	Yes This purchase procedure was a little awkward as the manager took some time attempting to override some of the internal software in the payment processing equipment (cash register).	This is a great program. Although I have ridden for over 55 years, I choose to use a helmet every time I ride. Helmets protect my brain, vision, hearing, and skin from damage. Having a new helmet encourages on-going protection and allows a means of on-going education for the riding public.

7/6/2024	The program helped me afford. Much safer helmet than I could have afforded on my own. I was assured to go to a reputable company who helped me get the correct size of helmet.	Yes!	This program is amazing and unfortunately rarely heard of. I've told coworkers about this program and it's great benefits!
7/5/2024	Granted me the ability to purchase a Shoei helmet when I couldn't afford it, allowed me to afford safety.	Yes.	It's very good and opens the door for people to purchase the safest helmets on the market.
7/5/2024	I used it to purchase a helmet for myself for my riding class. That helmet probably saved my life in a crash I experienced during class.	Yes, they also gave an additional 25% off the helmet price just for using the program	I recommend the assistance program to as many people as I can
7/5/2024	Got a much safer and more comfortable helmet.	Great people to work with very professional.	It's a great program for getting riders to where a good quality helmet. Thank you.
7/5/2024	I was able to buy a better quality helmet	Yes, I was fitted with the best quality at a more affordable price	It's a great program, would like to see more people take advantage & wear protective gear
9/20/2023	I did not. It expired before I could use it.	Yes	It expired before I could use it.
9/15/2023	It allowed me to get a nice helmet at a great price	The helmet center was a great place to get a helmet I had found a helmet that I liked and the sales person asked me a few questions that I didn't even think about	The helmet that I wanted was the wrong helmet for me turns out I use a Cardo and I wouldn't be able to wear it comfortably they showed me a few choices that would work better for me the helmet that I wound up with was a few dollars cheaper

9/13/2023	This program is amazing. I was able to buy a much nicer and protective helmet than I could otherwise afford.....and replace a helmet I was using that was very old.	Yes. I was worried they would be annoyed at the 'coupon', but they were great. Cycle Gear (Mesa) was extremely helpful & willing to be patient with me. I'm in Payson so it's always a crap shoot for where to go. CG was great & super happy w/ them!	Program is great. I've told my friends about it and make sure I advertise it in my groups. Maybe you could make stickers that would be cool enough to slap on helmets saying how we got them? Thanks for helping all of us stay safe!
9/12/2023	I was able to purchase a new helmet for much less than the advertised price in the store. This was a great help since I had not owned a new helmet in over 10 years.	They provided everything I expected and more. They could not have been more professional, helpful, and grateful for the business.	This is such a wonderful program. Helping riders stay safe has no limit to its value. Keep up the good work!
9/12/2023	With the savings I got, I was able to get the helmet I wanted.	Yes	I will be using it again, I want a modular style now, and giving first helmet to my son.
9/12/2023	I got my first full face helmet	Did not have a very good selection and was not completely sure how to apply the voucher	I think this was a great program. Most safety gear is so expensive to obtain, being able to get help with the most important safety device was a blessing 
9/12/2023	I was able to buy a quality full face helmet for a more affordable price. Previously I only had a 1/2 helmet.	Unfortunately no. Harley of Scottsdale had the helmet I was looking for but the first couple people didn't know anything about the program & when they called the manager, they were told \$125 plus 25% off was too much. They took the \$125 & gave me 10%	Overall a really good program for a great cause but it seems that maybe the participating dealerships should be more informed on the program & what it entails or least be giving their employees more information because I called a couple other dealers on the list & some of them acted like they didn't know of the program.

10/5/2022	Thank you AMSAF for the Helmet Program. I am a single mom with two teenage boys. I wanted to find a way to connect with them and build stronger relationships with them so we purchased used ATV's after months of saving.	As a mom, I did not expect the high cost of helmets and the program and dealership were able to make the experience everything I would expect.	I am really thankful for the Foundation and the program.
10/2/2022	I was able to purchase a high quality helmet at a price I could afford.	Yes, they were very helpful and the transaction went smoothly.	I'm very thankful for this program because having safe equipment makes me feel more comfortable riding.

Thank you for this program!

9/30/2022	Getting a break on the price was a real help in purchasing my helmet. I was able to get a higher quality helmet for a smaller budget.	The guys at cycle gear went up and beyond to make sure that we got the helmet we were looking for	I tell everybody I know who is interested in purchasing a helmet about this program and the benefits it offers and where the donation goes
9/30/2022	The program allowed me to purchase a helmet for my son that was a better quality and fit. He actually enjoys wearing the helmet and this means he wears it anytime he rides.	Yes, they were extremely helpful.	This is an amazing program that I wish was advertised more.
9/30/2022	Personal (financial) benefit, higher grade helmet & communication device for the MSRP of one helmet. The dealer benefits by selling a helmet blue-tooth unit that otherwise would have stayed on the shelf. The City & State benefit by collecting tax	Kind of. They only had 1 of the desired models in my size. They did backorder a replacement face shield.	I think if more Az riders were made aware of this offer, there would be potentially less head injuries on our streets.

11/12/2021	I was in need of a new helmet. The program helped me get a better quality helmet than I was going to budget for on my own. So what I paid was what my total was going to be for a much lesser helmet. You may have saved my life.	Yes, I went to Cycle Gear and I was shown my choices and picked on the basis of info given to me by the salesperson who was very knowledgeable.	I would recommend this program to any rider and use again if allowed in the future. For some of us, a \$600 helmet may be the safest but not always affordable.

The Helmet Financial Assistance program made the upgrade and replacement very affordable. 6/10/2020	<p>Personal benefits: Ability to purchase a top tier helmet at a reduced cost. Money saved is recycled to other protective posture equipment. (gloves, comms, footwear, etc)</p>	Yes.	<p>I'm very happy with the program and have promoted it to fellow riders. The program should be a multi-purchase product (if it's not already). This allows a rider to purchase multiple helmets to cover year round riding conditions. AMSAF would continue to collect the tax donation per certificate and the dealership grows in customer base. The AzGOHS would in turn see the increase in riders participating in voluntary PPE use.</p>
6/10/2020	None...didn't want a full helmet especially here in phx. The Bell helmet that I wanted did not qualify on your progrsm	Yes	Too restricted on type of helmet..Bell helmets are good brand.
6/10/2020	I was able to afford a quality helmet.	Yes, very helpful crew at Cycle Gear.	You might want to contact high schools and colleges to find the most affected demographic. I think the program tackles the issue of riders without helmets in a real, problem-solving way.

6/1/2020	I benefited greatly. I feel blessed to have been a recipient since the covid-19 pandemic had just hit the states and I was unable to use the loaner helmets during my BRC. Without it, I wouldn't have been able to learn how to ride safely.	I went through Desert Wind HD which I'm happy I did. Andreeane and Sarah were amazingly helpful and knowledgeable. The process was very easy. I went with HD for convenience but the gentleman at Cycle Gear were just as helpful and knowledgeable too	I'm grateful to this program and all that it does to make motorcycle safety available to Arizona residents from different socioeconomic backgrounds. Everyone I've encountered in the motorcycle community has been warm and welcoming. From the staff and trainers at Desert Wind HD and the guys at Cycle Gear. Mick was also pleasant and kind. I wish I found this community sooner because everyone is so supportive and knowledgeable. I can't wait to make a donation and give the same gift I recieved
3/16/2020	I bought a Shoei listed for \$599 and paid about \$350 out the door. Significantly upgraded the quality of my daily helmet!	Yes. Still a good value, but an extra \$50 donated to AMSAF. Oh well. Good cause I guess
