

FOR IMMEDIATE RELEASE

AMSFAF awarded \$10,000 grant to provide motorcycle rider training scholarships

September 11, 2017, Peoria, Arizona – The Arizona Motorcycle Safety and Awareness Foundation (AMSFAF) announces the award of a \$10,000 grant from the Arizona Trauma Association. The grant, which demonstrates support for AMSFAF’s mission of boosting awareness of motorcyclists while reducing rider fatalities and injuries, will be used to provide motorcycle rider training classes to the public through a scholarship program.

“AMSFAF is excited to continue giving out more scholarships to help educate new and present riders,” says Mick Degn, AMSFAF Executive Director. “We want to thank Arizona Trauma Association for their support for motorcycle safety in Arizona,” adds Degn. “This continues to be the largest single activity we do to promote motorcycle safety and awareness and to help reduce motorcycle crashes and fatalities. This will allow anyone in the state of Arizona to apply for, and receive, motorcycle training. Since we started offering scholarships, AMSFAF has provided more than 2500 in Arizona to help educate riders.”

In addition to providing yet more scholarships, looking forward, AMSFAF plans to:

- develop unique partnerships with Arizona businesses to help reduce crashes and fatalities
- research and identify dangerous intersections and stretches of roadways where most motorcycle accidents occur
- increase participation in rider training through discount incentives
- identify key industry liaisons that can help further the message and promote AMSFAF’s efforts through activities, events and outreach opportunities

Saving money, saving lives

A basic rider’s course can cost a motorcyclist in Arizona up to and over \$300. Every Arizona motorcycle rider or potential rider is eligible to receive the AMSFAF scholarship, and can apply by visiting AMSFAF online at:

<http://www.amsaf.org/scholarships/>

Demonstrating the successful completion of a rider's skill course, or passing the in-person skills test, is required to earn the (M) motorcycle endorsement on an Arizona state driver's license. Additionally, many major insurance companies will offer insurance policy discounts for riders that have completed a safety and training course.

The basic rider course (BRC) is a perfect fit for new riders seeking the motorcycle endorsement or for any rider who wants to freshen up their skills. This course is certified by the Motorcycle Safety Foundation (MSF).

About AMSAF: Arizona's voice for motorcycle safety

Arizona has more than 3,000 crashes a year involving motorcycles and that number is on the rise. Promoting awareness of motorcycles on the road by drivers, in addition to safety training for riders, are two key ways to reduce crashes that lead to serious injury and fatalities.

Founded in 2011, AMSAF is a non-profit foundation that is focused on reducing motorcycle crashes in Arizona. AMSAF's goal is to promote motorcycle safety and awareness through education and training. AMSAF rider training scholarships will enhance motorcycle safety by helping to reduce motorcycle crashes in Arizona.

Visit AMSAF online at www.AMSAF.org to learn motorcycle news and updates. Follow AMSAF on Facebook for more motorcycle rider safety tips at www.facebook.com/amsaf.org

The Arizona Trauma Association (ATA), is a 501c3 non-profit organization established in 2007 by local trauma surgeons. The ATA works to improve the delivery of health care to severely injured patients by supporting collaborative research, education and injury prevention initiatives throughout Arizona. Member centers include Level 1, 111, and IV designated trauma centers from Phoenix, Flagstaff, Kingman and Lake Havasu City. Tackle Trauma 5K Walk/Run, held the first Sunday each February, is ATA's annual fundraising event. This event allows ATA to provide donations to outstanding community-wide safety programs, such as AMSAF's. For more information, visit aztracc.org or call 602-933-4060.
